

FISCAL NOTE

SB 1578 - HB 1081

March 31, 1997

SUMMARY OF BILL: Provides that no person shall be required to have their vehicle tested for emissions if they *work* in a county that mandates testing but they *live* in a county that does not. Current regulations do not require such individuals to have their vehicles tested.

ESTIMATED FISCAL IMPACT:

Decrease State Revenues - Not Significant

Assumes that the only individuals affected by this bill would be those employed by federal facilities in counties which have mandatory testing but live outside those counties, since such individuals would be exempted by state law, but the federal government requires anyone employed at such federal facilities to have their vehicle tested for emissions. The Department of Environment and Conservation receives \$1.10 for each vehicle tested; this bill would impact approximately 400 federal employees.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
